VOL. CXXXVI.—No. 281. ALEXANDRIA, VIRGINIA, WEDNESDAY, NOVEMBER 24, 1920. PRICE TWO CENTS

BAKERS MUST SEAL ALL BREAD SOLD

City Council Also Adopts Ordinance to Regulate Sale of Milk

MAY BOOST GAS TO $2

Council To Meet Friday To Consider Loan of $25,000—Defer Electing School Trustees.

All bread sold in the city sixty days from now must be wrapped and sealed according to the provisions of an ordinance recommended by the city health department which was adopted by the city council at its meeting last night.

Council also, on the recommendation of the foregoing department, adopted an ordinance regulating the sale and delivery of milk and cream to become operative January 1, 1921.

It was decided to print copies of the ordinances and have them distributed to bread and milk dealers.

A resolution of Councilman Wattles, chairman of the light committee of the city to make a loan of $25,000 to purchase a new water gas set for the city gas plant, and also to pay for coal, oil and the general upkeep of the city gas plant. The matter was referred to the joint committee on finance and light and it was decided to hold a special meeting at 8:30 o'clock Friday night for the purpose of acting on the resolution.

A resolution increasing the price of gas to $2 a 1,000 cubic feet with a discount of 20 cents on the 1,000 if paid by the first of the month, this to become operative January 1, 1921, was referred to the joint committee on light and finance. The present price of gas is $1.70 with the discount of 20 cents. Councilman Wattles explained that the city is just now selling gas at a loss and he added that after the water set is installed and things readjusted the city hopes to reduce the price of gas.

Councilman McCaffrey introduced a resolution in which he set forth that an examination of the city gas plant made by him disclosed that the plant was turning out good gas and the trouble was that the mains were rotten. Instead of spending $15,000 for the water set he suggested a resolution that new mains be installed. This was referred to the right committee.

President Burke told council that the loss of gas at the city gas plant is not more than sixteen per cent and that the usual loss at gas plants is about twelve per cent. Some of the service pipes he said are too small and this frequently causes trouble.

Another resolution of Mr. McCaffrey favored a reorganization of the police force as suggested by President F. F. Marbury, of the board of aldermen, and favored a reduction of the city health department.

After a lengthy debate council appropriated the sum of $542.43 for the Alexandria Hospital to pay back taxes due on a lot they formerly owned on North Columbus street, which lot was originally purchased as a site for the hospital.

Permission was granted Mount Vernon Chapter, Daughters of the American Revolution, to place a mile-stone on Russell Road, same to be enclosed with iron fence. It was stated that permission was obtained from the property owners on that thoroughfare.

The sum of $335 was appropriated to pay the balance due on two motor vehicles just purchased for the police department.

Attorney J. R. Caton on behalf of Mrs. Baggett petitioned council for the appropriation of $13 for a bill for sewer work on upper King street. It was referred to the joint committee on streets and finance.

Petition of Mt. Vernon Dairy for authorization to place shed in rear of their building at Prince and Alfred streets already erected, was referred to street committee and a petition protesting against the foregoing shed being used for a stable, signed by six property owners, also was referred to the street committee.

Permission was granted Carter Brothers to inclose porch at 310 South Pitt street. L. W. Recker was granted permission to make alterations to garage in rear of 206 South Fayette street and petition of E. L. Ladue to erect metal garage in rear of 420 North Fayette street was referred.

The aldermen refused to go into a joint session for the election of a school trustee from the third ward owing to the fact that three of their members were absent.

A TURKEY WEIGHING 25 POUNDS GIVEN AWAY

The Idle Hour Theatre is giving away a twenty-five pound turkey on Thanksgiving Day. Be sure and attend the theatre on that day as every one has an equal chance to get the turkey. It is the most appropriate gift imaginable to keep over till Christmas. The turkey is alive and is on display in the lobby of the theatre. 281-1t.

GETS EXTRA ALLOTMENT

In our conversation with Mr. Remschel, the local Ford dealer, today, he states that he has been very fortunate in getting an extra allotment of Ford cars for his territory, for the months of November and December and is in a position to make immediate delivery on any type of Ford cars

As he has already sold 36 cars this month, these few extra cars he is getting will not meet the demand and he advises intended purchasers to place their orders at once. He further states that on his orders received last January he was unable to make delivery until July and August and fears the same condition the coming year.

MISS BRILL AT FINANCE SING

Miss Katharine Brill, a well known young Washington soprano, and a former resident of this city, was the solist yesterday afternoon at the "sing" of the finance department, of which General H. M. Lord is chief. Miss Brill sang delightfully and was enthusiastically received by the large number of the personnel of the War Department present.

Community Social

Affair Saturday Will be in Charge of Second Baptist Church

The community social at the Westminster Building Saturday evening will be in charge of the Second Baptist Church young people and promises to be one of the most interesting of the series.

The Second Baptist Church has established a reputation in the city as being the youngest of them all, but perhaps the most aggressive, and Saturday evening they will keep up their record of enthusiasm and efficiency by putting on a real party.

The evening will be devoted to games especially and match games are being arranged to establish, if possible, some standards by which to measure future contests in indoor quoits and deck shuffle board. Special arrangements will be made again for the youngsters and their play hour made even more interesting than last Saturday evening.

Secretary Wallace, of the Y. M. C. A., states that the three evenings that the community socials have been given have attracted nearly a thousand people and three churches have enlisted over two hundred young people in the staging of the affairs.

$960,000 FEES IN WILL CASE

Chicago, Nov. 24.—Construing the will of the elder Marshall Field cost the estate of the multimillionaire merchant $960,000 for attorneys' fees alone. Judge Charles M. Foell, of the superior court, allowed that amount today to attorneys for the parties in the suit to contest the will.

The suit grew out of the efforts of Peggy Marsh, London Music Hall singer, to obtain a share of the late Henry Field's interest in the Field millions for her 3-year-old son, whose father, she claims, was Henry Field.

The court upheld all provisions of the will and denied Miss Marsh's claims. Marshall Field 3d, received the income from Henry Field's share of the trust amounting to approximately $40,000,000 in addition to the income from his own share, amounting to $60,000,000.

MANY ARE CAST INTO PRISON IN IRELAND

So Crowded With Republicans That Dublin Castle Is Used

PRISONERS KILLED

Alleged Men Attempted to Escape After Attacking Guards—Raid Archbishop's Residence.

Dublin, Nov. 24.—Vigorous activities of the authorities leave little doubt that determined and concerted efforts are being made to round up every republican suspected of being active in outrages. The military forces are tightening the cordon about Dublin and gradually working in toward the center, as was done during the Easter rebellion of 1916. It is believed a number of leaders in the provinces, finding the pursuit too hot, have taken refuge in Dublin.

The total of arrests to date are understood to be huge, but the Government refuses to divulge the figures. Dublin Castle authorities, however, admit the prisons are so full that it has become necessary to utilize the castle itself and that it was in a lumber room in the old detective quarters of the castle that Peter Clancy and two others were shot yesterday.

Clancy, Richard McKee and a man named McCalune, according to the Dublin Evening Mail, were arrested during the week end and kept in a room of the exchange court, pending transfer of the prisoners. The Mail alleges that the prisoner seized arms stored in the court and attempted to escape. It also alleges the court guard was fired on, and, returning the fire, killed the three men.

Clancy, it is said, was a member of the Sinn Fein 'inner circle,' which has been directing recent operations of the organization; McKee was an expert on explosives, and McCalune is said to have been an officer of the Republican army.

The thirteenth death as a result of the Croke Park shooting occurred yesterday, when an 11 year old boy died of his wounds. Only seven of the Croke Park victims have as yet been identified.

Patrick Mathews, who was seriously wounded at Skerries yesterday, is in a precarious condition. He was seriously wounded in the shoulder, thigh and knee.

Soldiers at Drumcondra raided the residence of Archbishop Walsh, and arrested the Archbishop's valet, William Kelly.

Other casualties reported today included the death at Newry of Head Constable Kearney, who was shot Sunday night by unknown assassins, and the wounding of one policeman and two civilians in the village of Millstreet, when the auxiliary police and civilians clashed.

Prosperity in Lower Prices Says Western Trade Wizard.

Chicago, Nov. 24.—The old theory that high prices and prosperity go together was given the lie here yesterday by Julian Rosenwald, president of Sears, Roebuck and Company.

In an interview, he said that as soon as prices come down to the levels which the popular mind has fixed, business will pick up and the country will enter its greatest era of prosperity.

Rosenwald is probably the most prominent business man in the West When he speaks, men listen. He never guesses. He is more than a prophet; he generally knows what he is talking about.

"Since prices have been reduced people have been buying more freely," he said. "Our sales have shown a marked improvement, showing that the public has simply been waiting for lower prices.

"There are several factors making for a rapid recovery in trade. As soon as high priced stocks are liquidated, conditions will improve and we will enter another era of prosperity. What goes up has got to come down. We all knew this was coming, but few of us could tell at just what hour.

"The rolling stock of the railroads was in bad condition when the roads were given back to the owners. Now they have most of their cars in commission again.

"Europe has to buy materials from us. Those countries lost too much in the war which needs replacing. As soon as those nations work out their problems, and they are making headway every day, the orders will begin to come in.

"Nothing on the horizon seems to be more promising than Mr. Gompers' attitude toward the co-operation of employer and employe."

Baby Show a Success

Prizes Awarded Seven Kiddies—Judges Perplexed, So Many Pretty Children

Well now, if anybody had an idea that Alexandria didn't have pretty babies all one had to do was to attend the Baby Show yesterday afternoon. Such lovely little kiddies, large babies, small babies, fair babies, dark babies and we know it was the general opinion that they were all prize winners had it been possible to have given so many prizes. So the much perplexed judges had to narrow down their verdict as follows:

Howell W. Grennwood, 6 weeks, 15 1-2 pounds, prize for best development under one year, baby pins.

Milton H. Glover, 13 months, 32 pounds, prize for best development between 1 and 2 years, silver spoon.

Katherine W. Dunn, 2 years, prize for best development between 2 and 3 years, locket and chain.

Dorothy Ford, 3 years, 39 pounds, prize for best development between three and five years, baby pins.

Margaret Pierpoint, Katherine Pierpoint, 4 years, twins, prize for prettiest girls, silver spoon and silver pusher.

Scott Maxwell, 6 months, prize for the handsomest boy, silver cup.

Mr. Loeb, of the Alexandria Studio, offered to give a large photograph free to one of the prize winners. In drawing lots for this prize Dorothy Ford was the lucky baby. A coupon for this picture can be had on application at the Alexandria Hospital. At least 200 babies were entered in the contest.

LEAGUE TO WAIT HARDING'S PLAN

Amendments To Covenant At This Session Is Opposed

TO CONSIDER CHANGES

Thanks and Congratulations Sent Root for Work on World Court—Clash Over Powers Looms

Geneva, Nov. 25.—There will be no amendments to the covenant of the League of Nations at this session of the Assembly, if the decision of Committee Number 1—that on general organization—which has been considering amendments, is approved in full session.

Arthur J. Balfour, chairman of the committee, suggested in committee meeting that it was too early to draw conclusions as to the working of the League or to form an idea as to how the covenant may be improved. He proposed that the committee recommend the appointment of a special committee to consider proposed amendments and report to the next meeting of the Assembly.

The Scandinavian delegates on the committee insisted upon the consideration immediately of amendments they proposed, but they were outvoted.

The South American delgates accepted Mr. Balfour's suggestion all the more readily because they are of the opinion that any amendment of the covenant should await propositions that are expected from the United States after President-elect Harding's consultations on the subject. They declared it would be entirely out of order to revise the covenant in the absence of one of the most important nations of the world.

The Council of the League has decided to invite the Scandinavian countries to participate in policing the plebiscite territories of Vilna to the extent of 100 men each.

It is announced from a semiofficial source that it is nearly certain that Bulgaria, Austria, Albania, Finland and Luxembourg will be admitted to the League. On the other hand, it is said that the commission deems it better at present not to admit states formerly forming a part of Russia and which have not yet been officially recognized.

The committee on the International Court decided to send a letter of thanks and congratulations to Elihu Root and other delegates of The Hague conference. This is as far as they have got in their work.

News of the application of Montenegro for membership in the League of Nations leaked out today. No information whatever was given on the subject by the Secretariat of the League. This eleventh-hour application necessarily will come up on the floor of the Assembly before being referred to committee.

A clash between the Council and the Assembly on the question of the carrying out of the Assembly's resolution of yesterday for intervention in the Armenian situation looms up as a possibility.

The subject of Armenia was early to the fore, the chairman announcing the make-up of the committee to examine into the details of the eventual intervention. The committee was headed by Lord Robert Cecil, of the Union of South Africa delegation, who is a strong proponent of help for Armenia, and had on its membership list likewise Rene Viviani, of France, whose eloquent plea yesterday swept the Assembly into unanimous approval of the resolutions for action on the subject. The other members announced were Senator Henri la Fontaine, of Belgium; Dr. Fridtiof Nansen, of Norway; Honorio Pueyrredon, of Argentina, and Signor Schanzi, of Italy.

In the course of this morning's session, Delegate Miller, of Australia, asked that Germany's protest against the League's method of apportioning mandates for former German colonies, submitted recently, be laid before the Assembly before being referred to a committee. The question went over until tomorrow.

Debate on the Polish-Lithuanian conflict, which was threatened for a time on a demand by Lord Robert Cecil for full information was

THE HOSPITAL FUND

The trustees of the Alexandria Hospital are conducting a campaign to raise funds for that institution and the usual Thanksgiving Day contributions will undoubtedly be greater this year than usual as there are many good friends of the hospital in this city who always give liberally towards its support.

It is to be honed that the present campaign and the Thanksgiving contributions will be generous enough to place the hospital in a position to meet its urgent needs and a reasonable amount as a reserve for its necessary expenses.

Hospitals in all cities have to depend on the support of the citizens of their communities, as somebody has to pay for the vast work done for nothing and Alexandria should feel proud of what it has done in this direction in the past and we believe those who so diligently devote their time to this work from year to year should have little fear as to the generous support of our citizens now and at all times.

THANKSGIVING

We walk on starry fields of white
And do not see the daisies;
For blessings common in our sight
We rarely offer praises.
We sign for some supreme delight
To crown our lives with splendor,
And quite ignore our daily store
Of pleasures sweet and tender.
Our cares are bold and push their way
Upon our thought and feeling
They hang about us all the day
Our time from pleasure stealing.
So unobstructive many a joy
We pass by and forget it,
But worry strives to own our live
And conquers if we let it.
There's not a day in all the year,
But holds some hidden pleasure,
And looking back joys oft appear
To brim the past's wide measure
But blessings are like friends, I hold,
Who love and labor near us,
We ought to raise our notes of praise
While living hearts can hear us.
Full many a blessing wears the guise
Of worry or of trouble;
Far-seeing is the soul, and wise,
Who knows the mask is double.
But he who has the faith and strength
To thank God for sorrow,
Has found a joy without alloy,
To gladden every morrow.
We ought to make the moments notes
Of happy glad Thanksgiving;
The hours and days a silent phrase
Of music we are living,
And so the theme shall swell and grow
As weeks and months pass o'er us
And rise sublime at this good time
A grand Thanksgiving chorus.

Ella Wheeler Wilcox.

RICHMOND THEATRE

In "Girl of My Heart," which is an adaptation of Frances Marion Mitchell's well known novel "Joan of Rainbow Springs," you will see Miss Mason in the most delightful role she has undertaken since "Her Elephant Man," in which she achieved nationwide success. The story is a fascinating one, abounding in tense situations and has been most beautifully transferred to the screen.

As an extra attraction, "Ten Nights Without a Barroom," will also be shown.

My Dear Mr. Hoge:—I have just received my check in full for $800 on my Marmon Limousine which was destroyed by fire on the morning of November 7th. I wish to thank you personally for the prompt and efficient manner in which you handled my claim and have only words of praise for the fair and square manner in which the Illinois has dealt with me through you. From now on, I shall most surely be a booster for the Illinois.

Very truly yours,

A TALK WITH AN ALEXANDRIA MAN

Mr. Frank E. Roat, Blacksmith of 107 South Payne Street, Tells His Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give her an interview with an Alexandria man:

"I had trouble with my back," says Mr. Roat. It was weak and lame and sometimes the pain was pretty bad; I could hardly bend over or straighten up. Mornings my back was so sore it felt like pins and needles when I touched it. I also had bad headaches. Nights I had to get up five or six times, and when morning came I was all tired out. This went on until I was advised to use Doan's Kidney Pills. I got Doan's at Leadbeater's Drug Store and they certainly reached the spot. My kidneys acted regularly again and I got wonderful relief from the pains in my back. Since then I have used Doan's once in a while to keep my kidneys toned up."

Hackensack, N. J., Nov. 24.—Rescued by an unknown commuter as she attempted to board a moving train yesterday at North Hackensack Station, Miriam Walter, 14, made a second attempt to climb aboard and was crushed to death. The Rev. A. J. Walter, her father, witnessed the accident from the porch of his home.

avoided by an explanation from the chair that negotiations on the subject by the Council were still in progress. Lord Robert also demanded greater publicity for the proceedings of the Council, and a promise was made on behalf of the latter to comply.

A resolution introduced by George Nicoll Barnes, of Great Britain, asking the Council to explain why it failed to intervene and prevent hostilities between Poland and Soviet Russia last summer went over to the next session to be held Thursday.

Rheumatic Pains

Quickly Eased By Penetrating Hamlin's Wizard Oil

A safe and effective preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out the soreness, and limbers up the stiff aching joints and muscles.

Wizard Oil is a good dependable preparation to have in the medicine chest for first aid when the doctor may be far away. INGOMAR THEATRE

Once in a very great while a popular star is given a story so good that even without the name of the star it is bound to prove a big drawing card. "The House of Whispers," starring J. Warren Kerrigan, at the Ingomar tonight, belongs in this rare class. Adapted from the novel of the same name by William Johnston, this cleverly constructed, highly dramatic story has lost nothing in the transition. Indeed, the contrary is true, according to those who have viewed an advance showing of the picture, among whom the author himself ranks foremost.

THE MAN WITH VIGOR A WINNER

No Wonder Some Folks Have a Hard Time Getting Ahead

It Takes Red Blood to Succeed

Pepto-Mangan Restores Vigor—A Really Wonderful Tonic—

Purifies and Tones up the Blood

It takes vitality to succeed because success requires hard work.

Some days you get along all right. Other times you have to strain and you overexert yourself. When that happens, your system is overtaxed. It shows first in the blood. The overexertion causes an increase in waste matter. The blood struggles to take care of it all. Gradually the poisons in the waste increase too fast for the blood. Then the blood becomes clogged.

First thing you know you feel all tired out. Sleep does you little good. You can't eat well. You wonder what the trouble is.

Then is the time to get some Pepto-Mangan, the blood building tonic. Take it for awhile till your blood is cleared up. You'll soon have plenty of rich, red blood. Notice the difference in your work. Your old-time energy returns. You win out because you are stronger.

Pepto-Mangan is sold in both liquid and tablet form. The tablets have the same medicinal value as the liquid. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan— "Gude's." The full name, "Gude's Pepto-Mangan," should be on the package.—Adv.

REFUSE JAIL BATH; SEARCH NETS $1,200

Roanoke, Va., Nov. 24.—William Porter, alias William Harris, and Charles Carter, held here in connection with the robbery of the Glasgow, Va., bank early last Friday, upon refusal to take baths, aroused suspicions of jail attendants last night, and a search of their persons resulted in the finding of $1,200, the police announced today.

Seven $100 bills were discovered in a bandage on Porter's abdomen, which, according to the police, the prisoner claimed was placed there following a recent operation. Another $100 bill was found sewed in the lining of Porter'es vest, the police said. They added that four $100 bills were discovered in Carter's underwear.

This money, with $450 found on the body of James B. Rogers, who was killed in a gun fight with local police Friday, makes a total of $1,650 in currency taken from the trio, in addition to $96,253 in liberty bonds and securities, discovered in a barracks bag.

Chief of Police Rigney announced last night that a thorough reexamination will be made of the seven passenger automobile, in which the trio were halted Friday.

Identity of the three men and whether they were connected with robberies at points other than Glasgow has not been definitely established, the police said.

DEAD IN PLANE BLAZE

Capt. Max L. McCullough Victim of Fall And Explosion

Washington, D. C., Nov. 24.—While flying at Bolling Field yesterday afternoon, Capt. Max L. McCullough, of the information division of the aviation service, was burned to death when the plane which he was piloting was caught in an "air pocket" and crashed to the ground, causing an explosion of the gasoline tank. Private Ralph Ryder, a mechanic, who was riding in the plane, escaped with slight burns on the face. The plane, a Curtiss JM6-H, was entirely destroyed.

As the plane lay on the ground a mass of flames, army and civilian mechanics attached to Bolling Field rushed to the assistance of the entrapped fliers. The mechanic, Ralph Ryder, was taken from the plane with slight injuries, but Capt. McCullough was strapped securely to his seat. Mechanics battled with the flames in vain to rescue the aviator, and before he could be released he was dead. George Commins, staff sergeant, and Frank Clements, a civilian mechanic, were burned on the hands and body in the rescue work and were removed to Walter Reed Hospital for treatment. Sergt. John Butcher and Corpl. Broadbent received lesser injuries and were treated at the post hospital. Three others who sought to aid in the rescue were slightly burned.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

MUSTEROLE
WILL NOT BLISTER

For Middle-Aged Men and Women

It isn't always on-coming old age that causes men and women in the middle years of life to slow up and feel a loss of ambition and energy. Weak or disordered kidneys do not filter waste matter and impurities out of the blood as they should, and backache, tired feeling, lameness, stiff joints, sore muscles, rheumatic pains, biliousness, irritation of the bladder, puffiness under the eyes or other symptom or ailment appears.

SHE WAS GREATLY BENEFITED

"I feel so much better than I did before I got Foley Kidney Pills. They are fine and you may use my name in your advertisement, I am glad to help you, as your medicine helped me greatly. I truly hope some one else who needs it will get some of your medicine. Your Kidney Pills are wonderful, I cannot thank you enough for them." Laura Perry, 1540 Twiggs St., Augusta, Ga.

FOLEY KIDNEY PILLS

strengthen the kidneys, stimulate the bladder and tone up the liver. They help the kidneys remove the accumulated poisons and soothe and heal the passages. When the kidneys and urinary tract are doing their work perfectly, the whole system is benefited and restored to health and strength. Why suffer when a reliable remedy can be so easily had?

Boggs contended that he mistook the physician's car for one in which whisky was alleged to to have been smuggled into the State.

Hum of Planes O'er Wet County Starts Raid Rush

Fredericksburg, Va., Nov. 24.—It is reported that when thirteen air planes passed over a certain nearby Virginia county there was great consternation among certain operators of "stills" as they feared government officials were looking after those who were violating the law.

A number of "stills" are reported to have been destroyed by the owners, fearing they had been detected.

Flood From Europe Reaches Highest Point Since Record in 1914

Immigration into the United States is rapidly reaching the high tide of 1914, when 1,218,480 aliens were admitted.

In 1918, the last year of the world war, 110,618 foreigners were admitted. In 1919 the number increased to 141,132, but in the first six months of 1920—that is, up to June 30—430,000 aliens came to this country to stay.

While figures for more recent months are not tabulated, there is apparently an increase limited only by the availability of steamship accommodations.

Greeks in America Are Thanked by Constantine; Ex-King Quotes Lincoln

New York, Nov. 24.—Constantine, exiled king of Greece, in a cable message to the editor of Atlantis, Greek language newspaper, received here today, expressed appreciation to Greeks in America for their "cordial support in the cause of truth and justice." Constantine's message follows:

"I want, through you, to thank the Greeks in the United States of America for their cordial support in the cause of truth and justice. I also want to thank them for the numerous telegrams I have received from them.

"I cannot express my feelings better than in the words of Abraham Lincoln: 'With malice toward none, with charity for all, with firmness in the right as God gives us to see the right, let us strive on to finish the work we are here to do.'

"All of which may achieve and cherish just lasting peace among ourselves and with all the nations.

"Constantine, King."

NEGRO ON TRIAL LYNCHED

Mississippi Mob Takes Man Accused of Assault From Courtroom

Tylertown, Miss., Nov. 24.—Harry Jacobs, negro, while on trial here yesterday for an assault on a white woman, was taken from the courtroom and lynched by a mob which gained access by breaking down two doors to reach the courtroom.

Despite efforts of court officials and others to prevent violence, the negro was seized, a rope placed about his neck and he was dragged behind an automobile through the main streets of the town to a bridge, where the lifeless body was swung to the limb of a tree and riddled with bullets. One man was accidentally shot and last night was said to be in a critical condition.

Eruptions of the Skin Cause Torturous Itching

If you are afflicted with any form of skin disorder, you are well acquainted with the flaming, burning itching that these diseases produce.

Skin diseases are caused by an impurity or disorder in the blood, and there is no real and genuine relief within your reach until such impurities are removed.

S.S.S. has given great satisfaction in the treatment of these disorders, because it is such a thoroughly satisfactory blood purifier. It cleanses the blood of all impurities, and thus counteracts the effects of the germs that attack the skin.

Begin taking S.S.S. today, and if you will write a complete history of your case, our medical adviser will give you expert advice without charge. Address Chief Medical Adviser, 158 Swift Laboratory, Atlanta, Ga.

AFTER 12 YEARS DOCTORING CLERGYMAN'S HEALTH RESTORED BY TAKING CHASCO VIN

Rev. C. F. Tiemann, 206 South 3rd St., Steelton, Pa., writes: "For at least twelve years I was troubled with a cough that no Doctor that I consulted could cure. Along with the cough I frequently had chills attended with heart attacks. At times I was scarcely able to walk. This continued until I began taking Chasco-Vin on the recommendation of a druggist friend.

In a short while the cough began to leave me, I could breathe more freely and I am now cured in so far that whenever I feel my old trouble coming back I begin again on Chasco-Vin, and am soon relieved.

I have recommended this medicine to many others with equally good results, so you can do with my recommendation what you please. Chasco-Vin is a good medicine for me and has restored me to health."

The Alexandria agent for Chasco-Vin is Edgar Warfield, jr., King and Pitt Streets, call and inquire further about it.
